

CLUB MOORINGS AND MOORING PERMITS

- Each Club Mooring Permit is for one vessel only and the Mooring Permit must be permanently fixed to the rear portside window or other location on the vessel where it can be easily seen by passing vessel operators;
- Club moorings are licensed by NSW Maritime for use by one vessel at a time;
- The St George Motor Boat Club accepts no liability for any loss or damage to persons or property arising from the use of its moorings and vessel operators use the moorings at their own risk;
- Persons on vessels using Club Moorings should consider neighbours, both onshore and in adjoining vessels, by keeping noise to a minimum, especially at night;
- Permit holders can access a menu on the Club's website that: (a) shows a map with the locations of Club moorings and (b) enables them to check if a vessel on a Club mooring holds a current Mooring Permit;
- Should Mooring Permit holders wish to use a mooring occupied by a vessel without a current Mooring Permit, they should approach the offending vessel politely requesting that they move so the Permit Holder's vessel can use the mooring;
- If the offending vessel's crew refuse to move, the Permit Holder should record the name and registration number of the vessel, the time and date, and if possible a photograph of the vessel on the mooring and pass this information to the Club's Marina Office;
- Mooring Permit holders are requested to report missing or damaged moorings to the Marina Office (mobile: 0409 090 712);
- Current Club mooring locations with the Mooring Licence numbers are set out in the attached sheet. Mooring buoys are red in colour.

Also, NSW Maritime have (one vessel) courtesy moorings with pink coloured buoys available for use in our local waterways.

ST GEORGE MOTOR BOAT CLUB MOORING LOCATIONS AND LICENCE NUMBERS AS AT 1 NOVEMBER 2018

LOCATION	LICENCE No.
Frenchman's Bay	CL5999
